Toronto, ON M5S 1V6

Dear Professor Quarter:

The Newfoundland and Labrador Federation of Labour is chartered by the Canadian Labour Congress, and in our 66th year of representing a membership of approximately 50,000 working men and women in 25 affiliated unions across Newfoundland and Labrador.

Our primary function is to ensure the strongest possible voice and solidarity of our affiliates and their members. We continuously lobby all levels of government on behalf of our affiliates collectively or individually depending on the circumstances.

We are therefore very interested in supporting and being involved in the proposal seeking three-year funding to provide research and education to union pension trustees on pension fund investment strategies in the New Economy. Cooperation between the Canadian Labour Congress, our federation and this project will provide benefits and opportunities for working people in Newfoundland and Labrador. We anticipate involvement in the educational project and look forward to the success of your project.

Sincerely,

Elaine Price
President
